Project

Project 1 Rural Livelihood and Occupational Diversification
Period: May 2013 – April 2014
Role: Team Leader
Project Type: The project was required to fulfill my bachelor degree.

Project Summary

The project was based on primary data collected through a field survey. It focused on how rural households maintain their livelihood depending upon occupational diversification.

Project 2 The Political Economy of Female Foeticide
Period: January 2017 – June 2017
Role: Literature Review, Methodology
Team Size: 13
Project Type: The project was required to fulfill my master degree.

Project Summary

The project focused on the explanation of female foeticide in India through the socio-economic and political lens. Various aspects namely cultural, political, economic were considered in overdeterministic frame to explain female foeticide.
