**A Visit to Begumpur**

**Date: 30.04.19**

Begumpur is a small town famous for its saree weaving in Hooghly district, these sarees can be identified by their loosely woven, light-weight and translucent made and have contrasting borders in red, black, purple, orange etc. These are also emphasized by a serrated edge motif. In the cluster interventions by government and local organizations, weavers were given training's in designing, dyeing, preparatory processes like drum warping, sizing etc. This resulted in opening their imagination to producing newer varieties. Attention to producing quality cotton sarees by adopting new techniques and modifications is a priority in the making process now. Students gained knowledge regarding the heritage and culture of the weaving of handloom sarees.

**Film Festival**

**Date: 06.09.21-10.09.21**

The film Suffragette by Sarah Gavron was screened on 9<sup>th</sup> September, 2021 as part on online film festival organized by the Department of English.

Description of the film:

Even through the architects of the Indian Constitution ensured voting rights to women from the moment of Independence, it is fact that until only around 100 years ago, women did not have the right to vote in most countries (including countries like the USA, UK and most other European Countries). In the absence of the right to vote, the lives of women were entirely dictated by the will of men. Suffragette documents the struggles of women to win their right to vote – the right to have a say in their own lives, to be treated a equals.

Suffragette is a tart reminder to those who are casual about democratic gender equality that votes for women were not something that naturally evolved due to the ruling class's innate decency; they had to be fought for.
